2015  
Annual Giving  
Report

## Year in Review

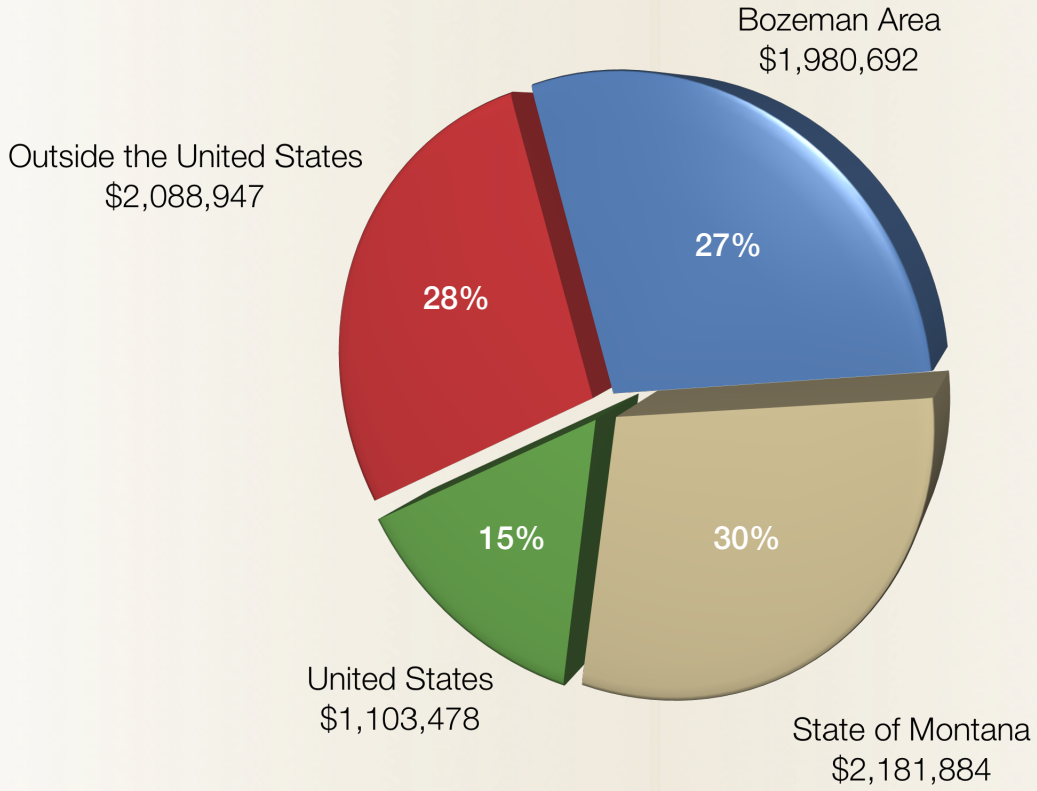

This year we made over 150 grants and gifts to organizations spread across the globe! That's a record number for us, bringing our total giving since the foundation began to over \$43 million.

From scholarships to faculty to school buildings, we've seen great strides in improving education and educational opportunities at all ages and levels. Consider the manufacturing scholarships in Montana, which have served 278 low-income individuals or veterans so far, or the hundreds of orphans in Africa who were able to attend day school at a Rafiki village and receive a classical, Christian education, along with meals, housing, and loving care. We feel very fortunate to be able to take part in these lives being changed.

We've also been able to support hundreds of low-income or at-risk youth through mentorships, after-school activities, and various other programs. Fatherless boys are given positive role models. Families are trained to provide loving foster care to abused or neglected children in Montana. Young women and men facing unplanned pregnancies are given supportive, valuable information about their options for the future. Emotionally struggling children receive spiritual and emotional care in their difficult times.

Thank you for taking a moment to learn what we are about, and to review our attached 2015 and cumulative giving. Thank you most of all to our partners, who in their various capacities are working on the front lines to provide encouragement, opportunity, and hope to so many.

## Areas of Focus

While there are many worthy fields in philanthropy, we have chosen four areas in which to focus our giving so that our foundation can be most effective. Below is a general description of each focus area.

### Jobs, Education, and the Family

These organizations work at levels ranging from local to international on programs that increase economic and educational opportunities to give more people the dignity that comes from self-sufficiency.

### Bozeman Arts and Culture

These organizations enhance the Bozeman community by providing local programs and cultural opportunities.

### Valuing and Protecting the Vulnerable

These organizations work to help the hurting and lift people out of poverty by providing disaster relief, education, and emotional, physical and spiritual support.

### Christian Outreach and Discipleship

These organizations minister the Christian faith by sharing the gospel, providing discipleship, and supplying faith-based resources to individuals and families.
