*Our vision is to see individuals and families flourish, spiritually and economically.*

In my life right now, things are constantly growing. I live in one of the fastest-growing small towns in the US. I have four children at home, and we are endlessly shuffling outgrown clothes down to the next in line. And the Gianforte Family Foundation is growing! Now in our 15th year, we've continued to increase our giving, year after year. In fact, the foundation has grown in multiple ways during 2019. We gave away a record \$9.14 M and awarded 217 grants - one of the highest annual numbers of grants to date! We even grew our staff, adding a program director and communications manager to better serve our grantee partners.

At the heart of the foundation's growth is the desire to positively impact our neighbors and world, as effectively as possible. We do this in ways only private philanthropy can, and we're proud to be part of that sector, working with the vital nonprofits who do so much good.

Thanks for reading about our work.

# OUR STORY

In 2004, we started the Gianforte Family Foundation. We have been blessed abundantly, and want to use our resources to help other people.

We have many passions. We want to strengthen our state and local communities by providing opportunities for better education and jobs. We want to show charity to those without enough food, shelter, or loving support. We want to equip those in ministry. We want to nurture healthy kids and family relationships. And the list goes on...

Every story or smiling photo from a grant recipient reminds us that through our gifts, individual lives are positively impacted. We are humbled and thankful to be serving in this way.
